

# Pur Line HYDRO-6E

**ELECTRONIC HUMIDIFIER + IONIZER**  
**Hybrid: warm & ultrasonic mist**  
**Moderated spray**

## TECHNICAL FEATURES

**Dimensions** : 32 x 19.5 x 33.8 cm

**Net weight:** 3 kg      **Net weight:** 3.6 kg

**Power source** : 220/240 VAC 50Hz

**Electric consumption** : Ultrasonic = 45 W  
Cool mist= 145 W

**Tank capacity** : 6 liters

**Autonomy** : 20 hours

**Air Flow** : 300 ml/h.

**Efficiency** : up to 60 m<sup>2</sup> / 150 m<sup>3</sup>

**EAN Code** : 3700046513232

**Hygrostat** : Electronic

**Operation temperatures:** 5°C to 40°C

**Color** : white & blue

Ref : HYDRO-6E

## ACCESSORIES

*Equipped with air ionizer for better and optimal humidification.*

*Two humidification modes, Cool mist (resistance) and cold mist (ultrasonic), guarantee a better use according to ambient temperature.*

*Whether in Cold or hot indoor spaces, in summer or winter,*

**Pur Line HYDRO-6E**  
*Offers maximum comfort.*

## ADVANTAGES

- Possibility of choice between delivering cool mist or ultrasonic mist.
- Electronic Hygrostat + hygrometry screen display.
- Adjustable humidifying levels for an automatic humidification .
- Adjustable progressive delivery flow : from 0 up to 300 ml of water per hour.
- Timer : 12 hours.
- Night light : 7 colors.
- Empty-tank automatic stop.
- Light indicator : on/off + empty tank.
- Portable & practical water
- Quiet and discreet.
